

SV-VLC Video Light Console

The SV-VLC combines many of our standard video system products into one modular topside that is affordable, rugged and easy to use. The basic SV-VLC works with the entire range of Shark Marine cameras and includes power out for camera and light with a high/low switch for light intensity. Available built-in options include; Variable light control, GPS overlay, Keyboard overlay, and LYYN video enhancement.

GPS and Text Overlay Option
